

PATHWAYS TO PEACE

7 Floors to Balance® has a new partnership with Pathways To Peace in order to fulfill a deep global calling to empower children and adults with practical and instant easy tools to achieve peace on demand. Pathways To Peace (PTP) is an International organization dedicated to making Peace a practical reality in our world today. Incorporated in 1983, PTP is an official Peace Messenger of the United Nations and has Consultative Status with the United Nations Economic and Social Council. PTP works with the U.N. Centre for Human Rights, U.N. Centre for Human Settlements, UNESCO, UNICEF, and other agencies. PTP works locally and globally, inter-generationally and multi-culturally to promote Peace building, Peace education, and to collaborate with other organizations in initiatives that help further the Culture of Peace Initiative (CPI). Founder of PTP, Avon Mattison, developed CPI with then-Assistant Secretary General of the United Nations Robert Muller in 1983. The annual highlight of this initiative is the International Day of Peace (Peace Day), held annually on September 21.

Created by Tammy Lelie Skinner in order to fulfill the need for practical and instant tools for peace, *7 Floors to Balance*® is a lead program for the PTP Culture of Peace Education Program (CPEP) and serves as a globally available experiential program which helps people of all ages and from all walks of life. *7 Floors to Balance*® helps participants identify what metaphoric floor they are stuck on emotionally and gain instant/practical tools to access peace of mind and joy along with gaining feelings of self-compassion, empathy, self-esteem and a sense of connection with others. *7 Floors to Balance*® is noted for its ability to provide instant transformation and mood elevation as well as its versatility and universal use for (and is currently being implemented in) all industries including education, entertainment, business, Health & Wellness, and more.

"Tammy, your 7 Floors to Balance toolbox will be the most valuable item we could take with us. Thank you for healing and guiding."
- Valeria Papazova (parent)

"A few weeks ago my daughter Pema was really sad about something. Emanuel (her brother) spontaneously taught her how to experience that sadness and put it into an object. It was amazing to watch how they both worked with the energy and how he was able at 7 years old to have the agency and technique to help his 4 year old sister calm down. You're doing amazing stuff Tammy. Congrats. May it spread far and wide" - Noah Intara Zim (parent)
